

LIVE RESZI

*The Stepping Stone to
the American Dream®*

Reszi Fund VII, LP - Summary

HISTORY:

Live Reszi® and Staubach Capital partnered in 2020 and have since deployed more than \$110 million of equity across approximately 800 single-family rental homes in strategic markets across Texas, Arizona, and Florida. Reszi contracts for the acquisition of **future housing supply through direct relationships with national builders, rather than through bulk purchasing of existing homes from the MLS**. Homes are acquired **through builder-direct programs** and delivered as newly constructed, fully completed rental homes at certificate of occupancy, allowing Reszi to source standardized new inventory without assuming direct ground-up construction execution risk.

WHAT SETS US APART:

Stepping Stone to the American Dream® Platform

Purpose-built and trademarked in 2024 to support renter stability today while creating clear pathways toward future homeownership for our qualified Reszidents.

National Builder Purchase Advantage

Through long-standing national homebuilder relationships, Reszi consistently acquires newly constructed homes at programmatic purchase pricing that has historically averaged approximately 18%–20% below independent appraised values at acquisition, creating embedded value at entry.

Operating & Technology Platform

Led by experienced leadership and powered by proprietary Live Reszi® technology, Reszi's vertically integrated operating platform enables scalable execution and institutional-grade efficiency. The platform has historically operated at a **38%–39% operating expense ratio, generally consistent with — and at times more efficient than — institutional multifamily operating benchmarks**, reflecting the efficiencies of Reszi's technology-enabled operating model.
